PROBABLE CAUSE STATEMENT

Furthermore, the complainant states that **Roberto OLVERA-Vite, Carmen FLORES-Lopez,** and **Lidia LOPEZ-Gutierres,** are citizens of a country other than the United States; that said aliens have admitted that they are deportable; that their testimony is material, that it is impracticable to secure their attendance at the trial by subpoena; and they are material witnesses in relation to this criminal charge and should be held or admitted to bail pursuant to Title 18, United States Code, Section 3144.

On August 6, 2008, Border Patrol Agent A. Djokich was performing assigned duties near Jacumba, California. Jacumba is located approximately 25 miles east of the Tecate, California Port of Entry, and less than one mile north of the United States/Mexico International Border. Agent Djokich was operating an unmarked DHS surveillance vehicle and was in plainclothes. At approximately 11:30 p.m., Agent Djokich observed a white Ford Fusion exit the westbound lanes of Interstate 8 (I-8) at the Jacumba Exit. After exiting the interstate, Agent Djokich observed the Ford completely circle the two gas stations located immediately off of the interstate. The driver parked his vehicle and attempted to use a cellular phone. The driver then exited the vehicle and used a payphone. After using the pay phone, the driver retuned to the vehicle and proceeded to travel eastbound of I-8. Agent Djokich continued surveillance of the vehicle as it traveled eastbound on I-8. Agent Djokich contacted Border Patrol Dispatch and requested registration/stolen vehicle checks on the Ford which was registered out of El Centro, California.

The Ford exited I-8 at the In-Ko-Pah Exit and proceeded eastbound on In-Ko-Pah Park Road. The driver then pulled onto the shoulder and stopped. This further raised Agent Djokich's suspicions as there is only one business located on In-Ko-Pah Park Road and few residences. Agent Djokich approached the driver, identified himself as a Border Patrol Agent, and questioned him as to his immigration status and activities in the area. The driver identified himself as defendant **Sergio AISPURO-Badillo**, and handed Agent Djokich a Permanent Resident Alien Card and a valid California Drivers License. The defendant stated he was in the area to help a friend with a flat tire, though he was unable to locate or make contact with him. The defendant told Agent Djokich that he intended to return to El Centro for the remainder of the night.

At approximately 12:30 a.m., Agent Djokich observed what he believed to be the same Ford Fusion exit I-8 at the Jacumba Exit and drive behind the Chevron Gas Station out of his view. After less than 30 seconds, the Ford reemerged driving at an increased rate of speed away from the Chevron Station and entered onto the eastbound lanes of I-8. Because of the speed with which the vehicle was traveling, Agent Djokich could not attest with reasonable certainty that the vehicle appeared to be more heavily laden as it passed his location. Agent Djokich did however, observe that the vehicle seemed to possess a newfound bounce while accelerating that he had not previously observed, suggesting that the vehicle was carrying an additional weight. Believing that the driver of the Ford had just picked up a group of illegal aliens, Agent Djokich followed the vehicle onto I-8. As the vehicle continued driving eastbound on I-8, it accelerated to such a speed where Agent Djokich was unable to maintain surveillance. Agent Djokich contacted Border Patrol Agent Joseph A. Remenar, also assigned to BSAT, via agency radio and relayed the vehicle's last known position and direction of travel. Shortly thereafter, Agent Remenar, operating an unmarked DHS surveillance vehicle and in plainclothes, observed a vehicle that matched the description.

Agent Remenar entered onto the eastbound lanes of I-8 in order to confirm that the vehicle he observed was the same vehicle that Agent Djokich had described. Agent Remenar was able to maintain a distant visual on the vehicle as it continued eastbound towards El Centro, California despite the vehicle's rate of speed. Eventually, Agent Remenar was able to get close enough to read the Ford's displayed California license plate. Agent Djokich recognized this plate as the same one belonging to the vehicle he had encountered an hour earlier, which he relayed to Agent Remenar. Agent Remenar contacted Border Patrol Dispatch and confirmed that this was the same vehicle.

BSAT Agents contacted agents assigned to the El Centro Border Patrol Station in order to attempt a vehicle stop of the Ford. Border Patrol Agent P. Salmeron, who was operating a marked DHS pursuit sedan and in full Border Patrol uniform, responded to BSAT Agents' request for assistance. Agent Salmeron positioned herself behind the Ford and attempted to initate a vehicle stop approximately two miles west of the Dunaway Road Exit of I-8. The driver of the Ford did not yield. The driver of the Ford exited I-8 at Dunaway Road, and drove through the stop sign at the end of the off ramp and immediately entered back onto the eastbound lanes of I-8. The driver of the Ford continued driving eastbound on I-8 for approximately two miles and then jumped out of the vehicle leaving it in gear. As the driver attempted to flee on foot, the vehicle struck a fence with four occupants inside. Two of the vehicle's occupants attempted to flee from the vehicle but were quickly apprehended by responding agents. Responding agents identified themselves to the vehicle's four occupants and questioned them as to their citizenship. Each subject freely admitted to being citizens of Mexico present in the United States without any legal immigration documents that would allow them to be or remain in the country legally. At this time, the four subjects were placed under arrest and transported to the Boulevard, California Border Patrol Station for processing.

The driver continued running northbound in an attempt to flee from pursuing agents. Border Patrol Agent R. Duval observed an individual trying to hide in the grass. When Agent Duval commanded the subject not to move but the subject began running. Agent Duval began chasing the subject and as he got a hand on the individual, the subject batted Agent Duval's hand away and continued running, ignoring the repeated commands for him to stop. Agent Duval again caught up to the driver as they approached a large irrigation canal. The driver jumped into the canal in a further attempt to evade apprehension. As Agents Remenar and Duval approached the driver continued to ignore agents' warnings to stop resisting. Agent Remenar deployed his agency issued Oleoresin Capsicum (OC) spray in an attempt toget the driver to comply. Soon after being exposed to the OC, the driver started obeying agents' commands and was safely placed in handcuffs. The driver was placed under arrest for alien smuggling. The defendant was transported to the Boulevard Border Patrol Station for processing.
